PART I

*Proceedings of the Government of His Highness the Maharaja of Mysore,
Land Revenue, dated 4th May 1910.*

READ—

Letter No. 7647, dated the 4th February 1910, from the Revenue Commissioner in Mysore, submitting for orders the records relating to the appeal of R. S. Venkatachala Iyengar of Ramanathpur, Arkalgud Taluk, regarding the levy of local and irrigation cesses from him in respect of his inam land in Sarvamanya Belaguli village and stating that, in his opinion, the value of excluded minor inams in whole inam villages for the purpose of determining the local and irrigation cesses, if any, due thereon should be fixed merely with reference to the increase which the land of the particular class to which the minor inam belongs has undergone in the village and not to that of the entire village.

No. R. 7628-38 —L. R. 310-09-2, DATED BANGALORE, 4TH MAY 1910.

ORDER THEREON.—According to the rules for the valuation of whole inam villages for the purposes of quit-rent, the valuation is taken to be equivalent to the survey assessment on the lands under cultivation with 25 per cent of the assessment on the arable waste on account of prospective improvements together with a reasonable pasture rent on the unarable waste at the time of classification. From this has to be deducted the value of any minor inams which may have existed prior to the grant of the village. Government do not claim to impose any extra assessment, if any excess is discovered in such minor inams, and merely levy the quit-rent chargeable thereon. The value of the excluded minor inam is not therefore separately ascertained, and for the purpose of fixing the quit-rent on the inam village, it is deemed to be sufficient to take the value of the minor inam to have increased in the same proportion as that of the entire village as calculated above. This system of calculation is stated to have been introduced in the year 1879 under the authority of the then Survey and Inam Commissioner and the survey valuation of all the inam villages has been made in accordance therewith. Government deem it inexpedient now to lay down a different principle or prescribe a different method of valuation for levying local and irrigation cesses. Without any actual measurement, which is inexpedient for obvious reasons, the result will be merely approximate whether the entire village (as under the present rules) or the total extent of the particular description of land of which the minor inam is comprised (as proposed by the Revenue Commissioner) is taken as the basis for calculating the ratio of increase.

2. If as found by the Revenue Commissioner, the minor inam in question is not irrigated from any Government source of water-supply, it is not liable to pay any irrigation cess. The records will be returned to the Revenue Commissioner for issue of the necessary endorsement to the petitioner Venkatachala Iyengar with reference to the above observations.

READ—

The following letters received from the Deputy Commissioners of Districts, submitting the return of the estimated Jamabandi under the several heads of revenue for the year 1909-10:—

Letter No.	Date	From whom
S. 429	12th February 1910	Deputy Commissioner, Bangalore District.
317	19th February 1910	Do Chitaldrug do
494	25th February 1910	Do Tumkur do
383—239	Do	Do Shimoga do
416—S.	26th February 1910	Do Hassan do
341	4th March 1910	Do Kadur do
6388—219	12th March 1910	Do Kolar do
678	19th March 1910	Do Mysore do

No. R. 7646-55—L. R. 330-09-9, DATED BANGALORE, 5TH MAY 1910.

ORDER THEREON.—The total estimated Jamabandi for the year 1909-10, under the several heads of revenue is, as specified in the appended statement A, Rs. 1,83,87,046 against Rs. 1,83,28,895, the actual demand for 1908-09. Thus a net increase of Rs. 58,151 is anticipated as shown below:—

Heads of Revenue	Increase (+) or decrease (—) as compared with the actual demand for 1908-09
	Rs.
Land Revenue	+ 79,360
Forest	—45,418
Abkari	+ 22,682
Mohatarfa	—5,777
Sayer	—94
Salt	+ 4,535
Miscellaneous	+ 2,863
Total net increase	+ 58,151

2. *Land Revenue.*—The total estimated Jamabandi under this head shows an increase in every district aggregating Rs. 79,360 for all the districts taken together. The increase is chiefly the effect of improved seasonal conditions on agriculture, but in Shimoga it is also partly due to the revised settlement in the Shikarpur Taluk. In the Chitaldrug District there has been a steady expansion of cultivation mostly under the Marikanave channels and to a smaller extent in the Holalkere and Davangere Taluks.

3. *Forest.*—Under this head, there is on the whole a net decrease of Rs. 45,418. An increase of Rs. 1,26,731, Rs. 19,338 and Rs. 13,034 is expected in the Shimoga, Hassan and Chitaldrug Districts respectively. Of these, the increase in Chitaldrug is of no significance as it merely represents the normal demand, as against the decrease in the previous year due to the throwing open of State Forests for free grazing. The increase in the Shimoga and Hassan Districts and the decrease in the Mysore, Bangalore and Kadur Districts are expected to result from sandalwood. In the Kolar District a part of the current year's demand has been brought under the previous year's accounts, as the lease of tangadi bark was given for three years in 1908-09. The sale of tangadi is not expected to yield the usual profit in the Tumkur District.

4. *Abkari.*—There is on the whole a net increase of Rs. 22,682 under this head notwithstanding a decrease of Rs. 12,136, Rs. 30,155 and Rs. 10,919 respectively in the Kolar, Tumkur and Chitaldrug Districts, due to low bids for toddy shops during the year. In the Hassan District an increase of Rs. 10,099 is expected under shop rental and tree tax, while in the Bangalore, Mysore, Shimoga and Kadur Districts the increase is reported to be due to favourable bids for toddy and arrack during the year.

Proceedings of the Government of His Highness the Maharaja of Mysore,

5. *Mohatarfa*.—The decrease of Rs. 5,777 in all the districts, under this head, is reported to be due to the reduction of Hittal Kandayam or assessment on vacant building sites.

6. *Salt*.—There is an increase of Rs. 4,535 under this head chiefly in the Chitaldrug District, due to an increase in the applications for licenses owing to favourable seasonal conditions.

7. *Miscellaneous*.—Under this head there is an increase in the Bangalore, Kolar, Tumkur and Chitaldrug Districts and decrease in the Mysore, Hassan, Shimoga and Kadur Districts resulting in a net increase of Rs. 2,863 on the whole.

8. The annexed statement B gives the talukwar particulars with reasons for important fluctuations.

I. Letter No. 5026, dated the 10th November 1909, from the Revenue Commissioner in Mysore, forwarding copy of letter No. 172, dated the 7th October 1909, from the Deputy Commissioner, Kadur District :—

"I have the honor to forward herewith copy of letter No. 172, dated 7th October 1909, from the Deputy Commissioner, Kadur District, suggesting certain modifications to Rule 2 of the Rules for the grant of unassessed land for garden cultivation on favorable terms, published with Government Order No. R. 4332-41, dated the 30th June 1904, and to state as follows :—

There is some force in the argument of the Deputy Commissioner that if, on breach of the conditions, the full assessment is to be levied only from the 8th year as mentioned in para II of the form of the grant, no penalty will attach to the breach of the stipulations, that certain portions of the land should be planted up at the end of the third and the fifth year of the grant. It may, however, be urged that the penalty may be enforced on the grantee from the eighth year, even if he should manage to bring the whole land under cultivation after the three or five years' default and before the end of the seventh year. Though this may be a plausible interpretation it does not appear to be a sound one.

I beg therefore to submit the matter for such orders as the Government may deem fit."

ENCLOSURE.

Letter No. 172, dated the 7th October 1909, from the Deputy Commissioner, Kadur District to the Revenue Commissioner in Mysore.

Adverting to the rules for the grant of Government land for garden cultivation on favorable terms published with Government Order No. 4332-41, dated the 30th June 1904, I have the honor to state that Rule 2 lays down that the grantee of unassessed land on *alam* tenure shall be bound to plant up not less than one-third of the entire area at the end of the third year of grant, two-thirds at the end of the fifth year and bring the whole area under garden cultivation at the end of the seventh year and that failure to comply with these conditions as to planting shall render the entire land liable to full garden rate of assessment fixed by the Survey Department; but it does not specify the year from which such full assessment has to be levied. It is, however, seen from clause II of the form of grant, or Kaulnama prescribed under the rule in question, that such levy should commence from the eighth year.

If, as indicated in the form of the grant, the levy of full assessment is to take effect only from the eighth year, it will not operate as a penalty for failure to plant up the stipulated extents at the end of the third and fifth years, and it will be practically impossible to enforce the conditions regarding the planting up of one-third and two-thirds of the land at the end of the third and fifth years, respectively, so that these conditions will become useless.

I think that the above result could not have been contemplated by Government, nor could they have intended that the grantee should be left in possession of the land with impunity till the end of the seventh year, in spite of his clear default as to planting from the beginning, as such a provision could not serve any useful purpose either of the grantee or of Government, but will only tend to help mischief-mongers to take up the lands with the intention of keeping out *bona-fide* applicants therefor. I should therefore think that if the conditions of the grant are to be enforced, it is necessary that the penalty prescribed for their infringement should be such as to have wholesome and deterrent effect. I am of opinion, therefore, that it is desirable that provision should be made in the rules to the effect that when the stipulations made in the grant are violated, the land should be liable to be resumed and charged, at the discretion of the Deputy Commissioner, with the full assessment from the year of default.

I beg to be favoured with orders on the point, and if my views expressed above meet with your approval, I request that the necessary modifications may kindly be ordered to be made in the rules as also in the form prescribed thereunder.

II. Correspondence ending with letter No. 9280, dated 16th March 1910, from the Revenue Commissioner in Mysore, forwarding copy of letter No. 627, dated the 11th March 1910, from the Deputy Commissioner, Shimoga District, on the subject :—

Letter No. 627, dated the 11th March 1910, from the Deputy Commissioner, Shimoga District, to the Revenue Commissioner in Mysore.

With reference to your memo No. 8488, dated 22nd February 1910, calling for my opinion as to whether para 2 of the rules issued under Government Order No. R. 4332-41, dated 30th June 1904, re the grant of unoccupied lands for garden cultivation on favorable assessment, requires any modification in the light of the views expressed by the Deputy Commissioner of Kadur in his letter to you, No. 172, dated 7th October 1909, I have the honor to state that the period of time within which the whole area of the grant should be brought under garden cultivation was deliberately extended from five to seven years in 1904, and the penalty of the levy of full assessment for failure to plant up within the said period of seven years was expressly declared to be enforceable from the eighth year, so that under the existing rules, full assessment is actually leviable from the year of default. The grantee is required to pay an assessment of four annas per acre for the first twelve years, if the land is situated

Land Revenue, dated 5th May 1910.

period of seven years thus deprives him of the concession of the favorable four annas rate for five years in the malnad and two years in the maidan as well as the reduced assessment in the remaining years of shraya or kaul period. This is a sufficiently heavy penalty for his failure to plant up the land within the period allowed by the rules.

2. It is not desirable to require payment of full assessment from the fourth or the sixth year for failure to plant up one-third or two-thirds of the entire area. It was in consideration of the difficulties of procuring labour, etc., that a period of seven years was fixed for planting up the entire area. If any penalty were to be levied for failure to plant up portions within that period there would not be sufficient encouragement for the bringing of unassessed lands under garden cultivation. It must be noted that the grantee does not enjoy the lands free of assessment in any year. He has to pay an assessment of 4 annas per acre during these seven years for purely banjar land from which he derives no profit. In this view of the case, the conditions as to planting up one-third or two-thirds of the entire area may be expunged from Rule 2.

No. R. 7677-86—L. R. 218-09-4, DATED BANGALORE, 5TH MAY 1910.

ORDER THEREON.—The concessions which were originally granted with the object of encouraging applications for the grant of lands in the malnad on shraya tenure for garden cultivation having not been found to be sufficiently attractive, they were greatly extended in the revised rules issued in Government Order No. R. 4332-41, dated 30th June 1904. The provision in Rule 2 that one-third of the entire area should be planted within three years and two-thirds within five years, is intended merely to indicate what the rate of progress in each case should be and it should not be construed as an imperative condition to the breach of which a penalty should be invariably attached. The existing rules are sufficiently elastic to allow every reasonable facility to be given for the extension of such cultivation. Government are not therefore in favor of altering Rule 2 and do not consider it necessary to provide for the levy of full assessment in case of failure to comply with the conditions regarding planting before the expiry of seven years by which the land taken up is, under the existing rules, required to be entirely planted.

Letter No. 5875, dated the 8th December 1909, from the Revenue Commissioner in Mysore, in the matter of unauthorised alienation of a shanbhogi inam land, Survey No. 2 of the Buntrakuppe village in the Magadi Taluk.

No. R. 7725-34--L. R. 227-09-2, DATED BANGALORE, 9TH MAY 1910.

ORDER THEREON.—Under a mortgage deed dated the 22nd June 1864, the land was mortgaged with possession by the then shanbhog and his son, to one Karnik Thippiah for Rs. 75, but with the condition that the mortgagors should themselves pay the jodi on the land. The jodi, which is equal to the assessment, has, however, been hitherto paid by the mortgagee and the land has also remained in his possession. This alienation did not come to the notice of the local authorities until it was discovered in the course of an enquiry into an application by the tenant of the land for permission to build on it in 1902. The Sub-Division Officer thereupon directed that the land should be resumed and restored to the present shanbhog on payment of the mortgage amount, Rs. 75. This amount has been deposited by him, but the mortgagee refused to receive it as he claimed payment of the amount paid by him as jodi in addition, from the time of the alienation. On appeal, the Deputy Commissioner confirmed the Sub-Division Officer's order. The Revenue Commissioner, to whom a second appeal has been preferred, recommends that, in view of the mortgagee's long enjoyment of the land and of the fact that the jodi is fully equal to the assessment, the Inam tenure may be extinguished and the land confirmed to the mortgagee.

2. Government observe that according to long-standing usage, these alienations are clearly invalid. The Potgi Rules of 1874 have merely re-affirmed the prohibition contained in a Notification of the Chief Commissioner, published so long back as 1835, regarding the alienation of service inam lands. The date of the alienation cannot therefore affect the question; nor the fact that the jodi is equal to the assessment. The alienation being clearly unauthorised, it is inexpedient to recognize it. Government therefore direct that the land be resumed from the alienee and made over to the shanbhog, the former being paid the sum of Rs. 75 already deposited. If the mortgagee is entitled to be reimbursed in the amount paid by him as the jodi, he cannot retain possession of the land therefor, but must seek his remedy in a Civil Court.

Correspondence ending with letter No. 9231, dated the 14th March 1910, from the Revenue Commissioner in Mysore, submitting a report *in re* the delay in dealing with the case of Revenue sale of Survey No. 3 of Chikhejjaji village, Doddballapur Taluk.

No. R. 7735-43—L. R. 132-09-3, DATED BANGALORE, 9TH MAY 1910.

ORDER THEREON.—From the Deputy Commissioner's report it is clear that most of the officials who have been responsible for the delay in the various stages of the cases both in the Deputy Commissioner's and the Amildar's offices are either dead, or retired or have been transferred to other offices and that it is not possible to fix the exact measure of blame in each case at this distance of time. Government greatly regret this; and consider that the delays were also greatly promoted by the omission of the heads of the offices concerned to exercise effectual supervision over the work of the establishment and by the failure to enforce a proper system for the purpose of periodically ascertaining the existence of pending papers and the causes of their duration. The Revenue Commissioner is directed to draw the attention of Deputy Commissioners to Government Order No. R. 2093-100, dated 16th November 1901, (which is printed at the foot of this Order for ready reference) and see that the instructions laid down therein for a careful scrutiny every month of unanswered references are properly carried out in every office and delays of the kind under reference rendered impossible. The District Sheristadars should be held personally responsible in the Deputy Commissioner's office for checking these unanswered references and bringing to the notice of Deputy Commissioners promptly cases of delay both in the Deputy Commissioner's office and the offices subordinate to the Deputy Commissioner.

No. 2093-100, dated Bangalore, 16th November 1901.

ORDER.—Government have from time to time had occasion to remark upon avoidable and sometimes culpable delays in the District and Taluk Offices and they now consider that the strict enforcement of a proper system of unanswered reference lists and of a careful scrutiny thereof on the part of all Revenue officers concerned will doubtless be conducive to a greater despatch of work all round than faults found and observations made in individual cases.

2. Every Amildar, Deputy Amildar included, should in the first week of every month obtain without fail from his official complete lists—(1) of reports and replies due to his official superior; (2) of reports and replies due to himself from his subordinate officers, such as shekdars, etc., and (3) of correspondence pending between himself and the officers of other Departments, scrutinise these lists carefully, send reminders promptly in cases of delay, and hold himself personally responsible that no delay of any kind occurs anywhere which is not absolutely unavoidable. A similar procedure should invariably be adopted by the Deputy Commissioners of Districts and by their Sub-Division Officers and Assistant Commissioners. Cases of inexcusable delay should be suitably dealt with.

3. Government trust that the instructions laid down will be strictly attended to in future and that reasonable expedition in the disposal of work will thereby be ensured.

Government Order No. G. 8139—G. M. 12-06-68, dated 27th June 1907, directing, among other things, that every officer recruited to the Mysore Civil Service by competition or by special selection under the rules shall, unless he has already received such training, be trained for not less than six months in the Survey Department.

READ---

Letter dated 25th September 1909, from the Superintendent of Revenue Survey in Mysore, stating that the six months' training prescribed in the Government Order read above, is unnecessarily long and suggesting that it may be reduced to six weeks, as in the case of Assistant Commissioners to whom Government Order No. R. 3894-935, dated 14th May 1903, applies.

No. R. 7890-92—L. R. 453-09-2, DATED BANGALORE, 21ST MAY 1910.

ORDER THEREON.—The suggestion of the Superintendent of Survey to curtail the period of training in the case of the officers referred to in the preamble is based partly on considerations of economy and partly on the scope that may ordinarily be expected to exist for utilizing the knowledge of Survey work acquired during the longer course in the regular work of the Revenue Department. Government are disposed to agree to some extent in the arguments of the Superintendent, but they consider that under the present system of allowing interchanges of Assistant Commissioners between the several Departments, in order to prevent stagnation and equalise chances of promotion, there is great advantage in having a sufficiently large number of officers who possess more than a superficial knowledge of Survey work, so that, when occasion arises, in the exigencies of service, for the deputation, posting or transfer of officers in the general line to the Survey Department, the field for selection may not be unnecessarily limited or officers altogether new and untrained chosen. An officer's efficiency in the Revenue Department itself will also be enhanced in proportion to his knowledge of Survey work.

2. Under these circumstances Government are pleased to direct that in the case of the officers under advertence, six weeks will ordinarily be the minimum period of training and para XIII of the Government Order No. G. 8139—G. M. 12-06-68, dated the 27th June 1907, will be amended by the substitution of the words "not less than six weeks in the Survey Department" for the words "not less than six months in the Survey Department."

3. The case may be different where an officer evinces special aptitude for Survey work or where for any other reason it is considered desirable to extend the period. Such cases will be dealt with on their individual merits.

BEFORE THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

APPEAL No. 3 OF 1909.

Appellant	Vs.	Respondent
Eramayanna of Nelamangala		Basappa

Subject.

Appeal against the order of the Revenue Commissioner, regarding the diversion of the water-course running through Survey No. 17—1 of Byaderhalli village in the Nelamangala Taluk.

Facts of the case.

On 4th January 1906 one Eramayanna of Nelamangala complained to the Amildar of the said taluk that one Basappa, the holder of Survey No. 17—1, had unauthorisedly constructed a dam across a nala running in his land in the Byaderhalli village and diverted the water course to the prejudice of the petitioner's land Survey No. 23—2 of the village. This was brought on the takrar takhta for 1905-06 and Mr. K. R. Srinivasiengar thereupon inspected the locality and refused to interfere, on the ground that the diversion had not materially affected the petitioner's land.

Against this order, Eramayanna preferred an appeal to the Deputy Commissioner, who on reference to the village map found that the original course of the nala lay to the south of Survey Nos. 18, 19, 20 and 23—2 and had since been shifted to the northern limit of the said Survey Nos. 18, 19 and 20, causing the nala flow through Survey No. 23—2. Thereupon a fine of Rs. 20 was imposed on the respondent Basappa and the dam was ordered to be removed forthwith. On appeal the Revenue Commissioner was of opinion that it was not a recent diversion and was in existence when Eramayanna purchased Survey No. 23—2, and therefore set aside the order appealed against.

Hence the appeal.

Order.

The complaint of the appellant is that a bund raised by the respondent in his field made the water of an old water-course flow towards his land and that it has cut up his land and caused a new water-course on it. The Amildar and Deputy Commissioner disposed of the dispute as a takrar case and the Revenue Commissioner has declined to give any relief to the petitioner on the ground that no substantial damage had been done to the appellant by the proved acts of the respondent.

The dispute is one of a Civil nature as between these parties, and cannot be decided under the provisions of the Revenue Law. Government therefore decline to interfere and the appeal is dismissed.

“Referring to Government Proceedings No. R. 10720-1—Ft. 65-08-13, dated the 17th June 1909, I have the honor to submit herewith copy of letter No. 854, dated the 28th February 1910, from the District Forest Officer, Shimoga, together with its enclosures in original (to be kindly returned when done with) and to state that the results so far achieved in converting the Kuntis into permanent cultivators, have been encouraging. From all accounts, I find that these inveterate Kumri cultivators have taken kindly to regular cultivation. Twenty families have now settled down and the District Forest Officer proposes to settle five more during the current year. For this purpose and to replace casualties in plough cattle, he requests that a sum of Rs. 600 be placed at his disposal. This, I beg, may be done out of general funds, as I am unable to make the same available from Forest Funds. Out of the sum of Rs. 2,500 sanctioned for this purpose there is still an unspent balance of Rs. 217-4-0 (*vide* particulars on the margin). This will be devoted to buying seed grains, etc.”

ENCLOSURE.

Letter No. 854, dated the 28th February 1910, from the District Forest Officer, Shimoga District, to the Conservator of Forests in Mysore, through the Deputy Commissioner, Shimoga District.

With reference to your docket No. 2617, dated the 13—14th September 1909, I have the honor to submit herewith a report on the Kumri cultivation in this district.

2. I have personally inspected the areas allowed to the settlers and have examined the cattle. As embodied in the enclosed report, the Kuntis are taking gradually to permanent agriculture and before long the object aimed at in the scheme is likely to be fulfilled.

3. The present supply of plough cattle, especially those sent from the Tumkur District, are weak and small; and in my opinion a better and stronger breed of local buffaloes, though at a slightly enhanced cost, will secure better results than the present maidan supply, which are not likely to stand this malnad climate.

4. I solicit the favor of early orders in the matter of provision of funds for the necessary purchase of cattle and seed grains, etc.

"I have the honor to report that the Ways and Means Estimate, which is at present prepared in my office only on the basis of the three years' actuals as required by Article 1532, note 1, of the Civil Account Code, is no accurate forecast of the Debt Head transactions of the coming year inasmuch as any special features affecting the year's estimate are not taken into account in this office for want of information in regard to such special features. There are among the Debt Heads some items about which some sort of definite information must be available with those administering those heads, and with the aid of such information, the administrators thereof should be able to prepare more accurate estimates for them than it is possible for this office to do. The following are among the most important of such items:—

- | | |
|----------------------------------|--|
| 1. District Funds. | 9. Muzrai Funds. |
| 2. Village School Fund. | 10. Gumbuz Funds. |
| 3. Local Funds General. | 11. Damodar Das Charity Fund. |
| 4. Irrigation Cess Fund. | 12. Residency Garden Fund. |
| 5. Municipal Funds. | 13. Mahal Garden Fund. |
| 6. Mysore City Improvement Fund. | 14. Supari Gardens Special Cess Fund. |
| 7. State Life Insurance Fund. | 15. Vanivilas Water Works, Mysore. |
| 8. Military Funds. | 16. Advance and Loans under the
Land Improvement Loans and
Land Revenue Regulations. |

Of the above, regular estimates are now prepared and submitted for the sanction of Government only in regard to the first six, and for the rest the estimates are now prepared by this office. But however fair may be the estimates so prepared, the officers who are responsible for the working of these funds and also for the grant and recovery of Loans and Advances would be better able, with their knowledge of the details of the transactions, to prepare these estimates in a much more satisfactory manner than is possible for this office to do.

I therefore propose that the estimates for items Nos. 7 to 16 may also be required to be prepared by the officers responsible for the working of the transactions comprising these items and to be submitted for the sanction of the Government as in the case of the first six. Such estimates will, if so required, be checked in this office before they are sanctioned by Government. Should this proposal meet with the approval of the Government, I request that early orders may be issued sanctioning my proposal, so that the estimates for the next official year may be made in accordance with my proposal."

No. FL. 5715-24—G. F. 133-09-3, DATED BANGALORE, 19TH MAY 1910.

Financial (General Finance), dated 19th May 1910.

The estimates thus prepared should be sent up through the Comptroller to Government for scrutiny and orders. The estimates of the following items will accordingly be prepared by the officers mentioned against them:—

No. FL. 5438-47—S. R. 53-09-4, DATED BANGALORE, 3RD MAY 1910.

ORDER THEREON.—The stamp paper in question is of the value of one rupee and the stamp vendor seems to have mistaken it for one of 4 annas and endorsed on it the name of a man who wanted a four-anna paper. The Deputy Commissioner, Shimoga District, is of opinion that the claim for refund is untenable on the ground that the paper cannot be considered to be spoiled or misused stamp paper and that the application has not been made by a purchaser. But the Commissioner of Stamps is of opinion that the case falls under Section 49 (a) of the Stamp Regulation II of 1900, and that to hold otherwise would result in undue hardship to stamp vendors in cases where they may inadvertently make incorrect endorsements. Government agree with the Commissioner of Stamps in the view that stamp vendors are not excluded from the scope of Section 49 (a) of the Stamp Regulation and that the stamp paper in question should be regarded as a spoiled stamp within the meaning of that section. Government do not, however, consider it necessary to issue the circular suggested by the Commissioner of Stamps. The stamp paper is returned for being dealt with in the light of the above instructions.

Letter No. 1035 ~~210~~, dated 23rd August 1909, from the Comptroller, Mysore Government, stating that the procedure prescribed in clause (2) of Rule 10 of the Stamp Rules issued under Notification No. Fl. 5821--Legis. 52-08-1, dated 8th May 1908, of remitting the amount of stamp duty recovered by the Deputy Commissioners of Districts to the Superintendent of Stamps in Mysore, entails additional work not only on the Treasury but also on his own office and suggesting that the amounts received from the parties by the Deputy Commissioners be at once credited to the proper head in the District Treasuries concerned and intimation of such credits in the form prescribed in his Circular No. 2080—Bills 289, dated 6th September 1905, be forwarded to the Superintendent of Stamps along with the documents to be stamped and that the rules be altered accordingly.

2. Subsequent correspondence on the same subject.

No. FL. 5616-26—S. R. 65-09-4, DATED BANGALORE, 14th MAY 1910.

ORDER THEREON.—The Commissioner of Stamps and the Superintendent of Stamps apprehend increase of work both in the District Offices and in the office of the Superintendent of Stamps by the suggested alteration in procedure. But the Comptroller explains that there is considerable difference between a Public Service Transfer Receipt and a Treasury intimation of credit in that the former involves comparatively heavy work (*vide* Chapter 21 of the Civil Account Code), while the latter ends with a mere intimation. He considers at the same time that it will be sufficient if the credits in the District Treasuries are noted in the Superintendent's Cash Book in red ink so that they may be readily distinguished, from the actual cash receipts in his office, the names of the District Treasuries concerned being noted in the column of "Particulars." He is also of opinion that there is no necessity to maintain additional registers in District Treasuries as the amounts in question are at once credited to the proper heads and intimation of such credits given to the officer concerned. He also proposes to send his usual monthly statement of stamp receipts to the Commissioner of Stamps through the Superintendent of Stamps so that the latter officer may, upon verification with his cash book, certify to the correctness of the total receipts under the head in question.

Government agree with the Comptroller and approve of his suggestion. A notification will be published in the Gazette suitably altering clause (2) of Rule 10 of the Stamp Rules of 8th May 1908.

Letter No. 8335, dated the 6th April 1910, from the Excise Commissioner in Mysore, submitting the record of enquiry relating to the claim of the Inamdar to the excise revenue from toddy of Jodi Dandenahalli village in the Magadi Taluk of the Bangalore District.

NO. FL. 5872-3—S. R. 210-09-2, DATED BANGALORE, 30TH MAY 1910.

ORDER THEREON.—The Inamdar of Jodi Dandenahalli in the Magadi Taluk has not produced his Sannad or title-deed; but from the entries in the Inam register of enquiry conducted in 1876, there is no doubt that the Sannad conferred on him no right to the abkari revenue of the village. There is no evidence that the Inamdar ever enjoyed the excise revenue of the village, and it is clear that at the time of the Inam Settlement such enjoyment was not urged or admitted.

In the foregoing circumstances, Government agree with the unanimous opinion of the investigating officers, the Deputy Commissioner and the Excise Commissioner, that the Inamdar is not entitled to anything beyond the tree rent of his date trees.

For the years 1892-3 to 1896-7, he is entitled only to a fifth of the grove farm rent under Rule 4 issued with Government Order No. 2074-81—Rt. 166-92, dated 2nd August 1901.

1. Government Order No. Fl. 4406-15—B. 14-08, dated the 1st April 1909, sanctioning the proposal of the Registrar of Co-operative Societies for strengthening his staff by the addition of an Inspector and making the whole establishment permanent.

2. Letter No. 920—C. S. 6, dated 1st March 1910, from the Registrar of Co-operative Societies, submitting fresh proposals for the increase of his establishment on the score of increasing work.

No. Fl. 5538-47—B. 38-09-2, DATED BANGALORE, 12TH MAY 1910.

ORDER THEREON.—The establishment of the Registrar of Co-operative Societies at present consists of 1 Inspector, 1 Head Clerk, 3 other clerks and 9 menials at a total cost of Rs. 293 per mensem. The proposal is to add 1 Inspector, 1 clerk and an officer of the status of a Deputy Amildar to be employed as a sort of Assistant to the Registrar, raising the total cost to Rs. 484 per mensem. Government are not prepared to concur in the argument advanced by the Registrar based on the strength of the Registrar's establishment in Madras relatively to the number of societies in that Presidency, but they are of opinion that a great effort is necessary to ensure success in the early stages of the Co-operative movement, which is one of large promise and likely to prove successful, and that full scope should be given to the Registrar to develop the work of the Department. They are accordingly pleased to sanction the additional establishment noted in the margin and to revise the rates of pay of the clerks as recommended by the Registrar. The appointment of a Deputy Amildar to help the Registrar is also sanctioned as a temporary measure, the present sanction operating for a year. The establishment as now revised will consist of—

	Rs.
1 Deputy Amildar (temporary)	... 100
2 Inspectors	... 40-2½-60
1 Head Clerk	... 50-4-70
2 Clerks	... 30-4-50
2 Clerks	... 20-2-30
Menial Establishment.	
1 Mutchi	... 10
1 Dafadar	... 9
1 Peon	... 8
3 Peons	... 7 each
3 Peons	... 6 each

involving an increase of Rs. 191 per month in the average cost of the Establishment.

An increase of pay to the peon was already sanctioned in Order No. Fl. 4761-2—B. 36-09-2, dated the 26th March 1910.

No. 10158-66—L. B. 216-08-13, DATED BANGALORE, 9TH MAY 1910.

ORDER THEREON.—The procedure suggested by the Comptroller in regard to the drawing of the travelling allowance of the non-official members of Taluk and District Boards is that at each meeting a consolidated bill should be prepared by the Taluk or District Board on the establishment travelling allowance bill form for all the members attending the meeting and entitled to travelling allowance, that, instead of the certificates now appearing on that form, a certificate be inserted that the travelling expenses claimed were necessarily and *bona fide* incurred solely in the public service and the same explained to the members at the meeting and the signature of those claiming travelling allowance taken to the certificate and that the amount of each bill be disbursed to the members at the time of the next meeting.

2. The objections raised to the above procedure are (1) the bill cannot be prepared and the signatures of members taken to it as suggested since it should include the actual expenses of the return journey also and the return journey will not have been made at the time of preparing the bill and (2) the mode of payment suggested is not convenient as some of the members to whom amounts are due may not be present at the next meeting to receive payment and also (3) that the system offers opportunities for misappropriation to the clerk entrusted with the custody of the money. The President of the District Board of Tumkur states that the proposed system was in vogue in that district and was abandoned some time ago as positively unsafe.

3. After a careful consideration of the subject, Government direct that the following procedure be adopted in the preparation of bills and payment of travelling allowance to non-official members of Local Boards:—

Every non-official member of a Taluk or District Board entitled to travelling allowance shall send his bill in the prescribed form with the necessary particulars and certificate to the President of the District Board of which he is a member or the Amildar of the taluk, as the case may be, within fifteen days after the meeting.

Local Fund and Sanitary (Local Boards), dated 9th May 1910.

A consolidated bill shall be prepared by the President of the District Board or the Amildar of the taluk and sent with the individual bills received to the Comptroller for pre-audit. In the case of members of Taluk Boards, the bill shall be forwarded through the President of the District Board. After the bills are received audited, the President of the District Board shall issue a cheque to each individual member where the amount due to him is Rs. 10 or more. In other cases payments shall generally be made to members at the time of the next meeting. The amount due may also be remitted by money order if member so desires and is willing to bear the commission charge.

4. Where a cheque is issued by the President of the District Board for payment in cash of the travelling allowance, it shall ordinarily be cashed only on the date on which the amount is required for payment. Any small amount of the travelling allowance drawn which may remain undischarged shall be kept in hand as is done at present in the case of small undischarged amounts of District Fund cheques with a proper account and sums remaining in hand for over three months shall be refunded.

5. The Superintendent of the Government Press is requested to print and supply the required number of travelling allowance bill forms (sample enclosed) on receipt of indents from Presidents therefor.

5. A duplicate of a last audited bill should bear distinctly on its face the word "Duplicate" written in red ink and should be accompanied by a certificate obtained from the District Treasury Officer and also by a guarantee to refund in the following form given by the Officer who signed the original bill.

"I do hereby guarantee to make good to Government the amount of the bill amounting to Rs.....on account of.....due to.....in case a double payment is made in consequence of the loss of original passed bill and a duplicate thereof being passed at my request."

Letter No. 397, dated the 24th September 1908, from the President of the Sanitary Board, Kolar Gold Fields, submitting drafts of bye-laws framed by the Sanitary Board, Kolar Gold Fields, for the management of the Robertsonpet Market and the slaughter houses.

2. Correspondence ending with letter No. 197, dated the 2nd August 1909, from the same officer.

No. 10263—L. B. 132-08-15, DATED BANGALORE, 14TH MAY 1910.

ORDER THEREON.—As the Sanitary Board have not been specially empowered to frame bye-laws of the kind under the Mysore Mines Regulation, 1906, the proposed bye-laws for the management of slaughter houses and for the sanitation of the Robertsonpet Market will be issued as rules framed by Government under the Regulation.

The Compiler of the *Mysore Gazette* has been requested to publish them in the Gazette.

2. The rest of the proposed bye-laws relate to the conditions under which the Robertsonpet Market will be leased. The conditions, as approved by the Government are annexed to this Order. They may be published locally by the Sanitary Board.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt. Gen. & Rev. Depts.

To—The President of the Sanitary Board, Kolar Gold Fields.

No. 10264—L. B. 132-08-16, dated 14th May 1910.

In exercise of the powers conferred by Section 34, Sub-Section 2 (c), of the Mysore Mines Regulation, IV of 1906, the Government of His Highness the Maharaja of Mysore are pleased to prescribe the following rules for the management of the slaughter houses located within the area of the Kolar Gold Fields:—

1. Animals intended for human consumption only shall be slaughtered in the slaughter house.

2. Butchers and others shall have access to the slaughter houses for the purpose of slaughtering animals for sale or private consumption on the conditions hereinafter specified.

Only licensed men will be allowed in the slaughter house for the purpose of dressing the meat. These persons will be provided with a badge once a year by the Sanitary Board on payment of one rupee. A list of such licensed men will be hung up at the slaughter house and a copy maintained in the Sanitary Board Office.

3. Every person desirous of making use of the slaughter houses shall pay the prescribed fees for animals to be slaughtered before taking them into the place or slaughter.

4. Animals shall be slaughtered only in the allotted space in the slaughter house and no other.

5. No animals shall be slaughtered in a slaughter house except during such hours as may from time to time be fixed by the Sanitary Board and notified in a conspicuous place in the slaughter house.

6. None but those engaged in the slaughter of animals and Sanitary Officers and members of the Sanitary Board shall have access to the slaughter house.

Proceedings of the Government of His Highness the Maharaja of Mysore,

7. Every animal intended for slaughter at the slaughter house shall be brought thereto one hour before the time fixed so as to admit of examination by the officer deputed for the purpose by the Board.

8. Animals which upon examination are found to be free from disease, shall be marked with the Sanitary Board Stamp for slaughtering.

9. Every animal which upon examination is found to be suffering from an infectious or contagious disease shall be marked and handed over to the owner.

10. No animal that is or is suspected to be with young shall be slaughtered in the slaughter house.

11. The carcass of every animal which has been slaughtered in the slaughter house shall, after it has been skinned, be carefully examined to ascertain if it is free from disease. The skin shall be likewise similarly examined.

12. Every carcass, which upon such examination is found to be diseased shall be seized and destroyed in such manner as to render it unfit for human consumption. Provided that the skin of a carcass not showing signs of an infectious or contagious disease shall remain the property of the owner.

13. All meat and offal, which upon such examination are found to be diseased or considered unfit for human consumption, shall be seized and destroyed.

14. Every skinned carcass, which after such examination is found to be free from disease and fit for human consumption, shall be allowed to be quartered or cut up.

15. No person shall blow by means of insufflation the carcass of animal slaughtered for human consumption.

16. The skins, entrails and offal of slaughtered animals which have not been seized for destruction shall be collected in a special offal-room in the slaughter house, there to be washed and cleaned before their removal.

17. All refuse or offal rejected by the owners of the slaughtered animals shall be deposited by them or their assistants in the offal pit.

18. The solid contents of the entrails shall not be washed into the sewer but shall be removed by the owners of the animals or their assistants and deposited in the offal pit.

19. All skins, fat and offal shall be removed within twenty-four hours of the slaughtering of the animal; if not, all skins, offal, fat, entrails, etc., left at slaughter house shall be considered as refuse and shall become the property of the Sanitary Board and be disposed of as the Vice-President or the Medical Officer of Health may direct.

20. No person shall sell or store meat, skin or offal on the premises of slaughter house.

21. Meat entrails and tripe which are fit for human consumption and permitted to be removed from the slaughter house, shall be removed in covered metal buckets or carts, and such buckets or carts together with their covers shall at all times be kept clean.

22. No person suffering from leprosy, sores or other disease of the skin shall enter the slaughter house.

23. No dog or any animal not intended for slaughter shall be admitted into a slaughter house. Every such dog or animal found there shall be made over to the Police to be dealt with as a stray dog.

24. No animal which is not permitted to be slaughtered and which is not meant for immediate slaughter, shall be brought into the slaughter house.

25. No person shall make a noise, fight or quarrel or use insulting, abusive or obscene language in the slaughtering house. Persons contravening this regulation may be summarily ejected.

26. No person shall be permitted to perform the duties of a Mollah or Rabbi in a slaughter house except with the written permission of the Vice-President.

Local Fund and Sanitary (Local Boards), dated 14th May 1910.

27. The fee payable for the slaughtering of each animal in the slaughter house shall be as detailed in the following schedule:—

Schedule.

			Rs.	a.	p.
(1) Bullocks			...0	6	0
(2) Bull calves			...0	6	0
(3) Sheep			...0	2	0
(4) Goats			...0	2	0
(5) Kids			...0	2	0
(6) Sambur and other deer			...0	6	0

28. The Medical Officer of Health, Chief Sanitary Inspector, Market Sergeant or any officer of the Sanitary Board empowered by the first named officer shall have free access to the slaughter house at any time on any day, and the Medical Officer of Health shall have the power to prohibit the sale of any meat exposed for sale if the officer is of opinion that it is unfit for human consumption.

29. The Medical Officer of Health shall have the power to prohibit the slaughter of any animal he thinks unfit for human consumption or confiscate any carcass or any part of a carcass the consumption of which in his opinion may be injurious to health. In these cases the opinion of the Medical Officer of Health shall be final.

30. No dung or other heaps of rubbish shall be permitted in or near the slaughter house.

31. The internal surface of the walls and every part of the floor or pavement must be kept in good order and repair so as to prevent the absorption of any blood liquid, refuse, or filth or any other offensive or noxious matter which may be spilt or splashed, deposited or brought into contact with them.

32. The walls must be thoroughly washed with hot lime-water during the months of March, June, September and December.

33. The water-supply must be kept in good order and a supply sufficient for all the purposes, including the cleansing of the premises and all receptacles must be obtained.

34. Sheep, goats and cattle which are to be slaughtered for sacrificial purposes must be taken to the Sanitary Inspector of the circle and that officer will issue a ticket after ascertaining that the animal is in no way diseased and that its flesh would not be unfit for human consumption. In order to avoid all chances of substituting another animal, the Sanitary Inspector shall direct the mestri of the village to be present at the slaughter and he shall ascertain that the animal examined by the Inspector is the animal slaughtered.

35. The Sanitary Inspector and his mestri will be personally held responsible for the observance of this rule.

35. A breach of any of the above rules shall render the offender liable on conviction to the penalty prescribed in Section 36 of the Mines Regulation, namely a fine not exceeding Rs. 100.

No. 10265—L. B. 132-08-17, dated 14th May 1910.

In exercise of the powers conferred by Section 34 of the Mysore Mines Regulation, No. IV of 1906, the Government of His Highness the Maharaja of Mysore are pleased to prescribe the following rules for the special sanitation and sanitary administration of the Robertsonpet Market, Kolar Gold Fields:—

1. All shop-keepers, stall-holders and sitters in the market shall be cleanly dressed.

2. All scales, weights and measures shall be kept clean and in proper order. Standard weights and measures will be kept in charge of the market sergeant.

3. No person suffering from leprosy or other loathsome or contagious disease shall be allowed to keep a stall in any market, or be employed in any way in such market and any such person coming within the market, may be expelled by the market sergeant or his assistants.

Proceedings of the Government of His Highness the Maharaja of Mysore,

4. No person shall satisfy a call of nature or commit any other nuisance within the limits of the market, except in a urinal or latrine provided for that purpose.

5. No person shall sell or expose for sale in the market any meat, fish or other animal or vegetable matter which is decomposed or unfit for consumption or any meat that by blowing or other artificial means is made to appear to be in a condition differing from what it really is.

6. The Medical Officer of Health, the Chief Sanitary Inspector, the market sergeant or any officer of the Sanitary Board empowered by the first named officer shall have free access to the market at any time on any day and the Medical Officer of Health shall have the power to prohibit the sale of any food stuff exposed in the market, if the officer is of opinion that it is unfit for human consumption or adulterated in such a manner as to make it injurious to health.

7. For the purpose of Rule 6, the decision of the Medical Officer shall be final so far as regards articles of food or drink that are of a perishable nature. In the case of other articles if the dealer so requires, the Medical Officer of Health shall take a sample of the stuff and forward it to the Chemical Examiner to Government whose decision in the matter will be considered final. Pending the report of the Chemical Examiner to Government, the Medical Officer of Health shall put his seal on the article and prevent its sale for the time being.

8. The Medical Officer of Health will visit the market and the slaughter houses every Sunday morning and hold a thorough inspection of all the animals and goods. The Sanitary Inspector will undertake this duty on Wednesdays.

9. The market sergeant will perform this duty on ordinary days and will be held personally responsible for the quality of the food stuffs exposed for sale in the market.

10. All cooked articles or such food stuffs as are to be consumed uncooked shall only be exposed for sale in properly constructed cases which can efficiently exclude contamination by flies or dust at the same time permitting free admission of air.

11. All the stall-holders will be required to keep their places, persons and utensils scrupulously clean.

12. No person shall bring a dog into the market. All stray dogs found inside the market will be destroyed.

13. No person shall permanently live in the market.

14. A breach of any of the above rules shall render the offender liable on conviction to the penalty prescribed in Section 36 of the Mines Regulation, namely, a fine not exceeding Rs. 100.

Local Fund and Sanitary (Local Boards), dated 14th May 1910.

Conditions for Regulating the lease of the Robertsonpet Market, Kolar Gold Fields.

1. The market will be open for use by the public from 7 A.M. to 7 P.M.
 2. No goods shall be brought into the market except such are intended for sale, and such goods shall be kept only in the stalls, sittings, etc., intended therefor.
 3. No projections of any kind from shops, stalls or sittings shall be allowed. Every article forming such projections will be removed by the market sergeant.
 4. No person shall open a stall without first purchasing a ticket after paying the fees prescribed as per schedule hereto attached.
 5. Any person acting otherwise will have to pay double the prescribed fees or if he is found to possess a ticket of less than the proper value, will have to pay double the difference. Whoever refuses to pay this amount will not be permitted to expose his goods for sale in the market. The stalls in the market will be numbered and boards recording the articles or goods to be sold therein and the rate of fees to be paid for each stall will be hung in a conspicuous place.
 6. A scale of fees payable will be pasted to a board under the signature of the Vice-President of the Sanitary Board and hung at the front door of the market ticket room between the hours of 6 A.M. and 6 P.M. for the information of the public. Copies thereof will be kept with the market sergeant and in the Sanitary Board office.
 7. Whenever it is found that the number of shops for the sale of a certain class of goods or articles is in excess of the number of stalls allotted therefor, the market sergeant will arrange to provide applicants with stalls which are vacant elsewhere.
 8. Every shop-keeper, stall-holder or sitter therein shall remove his goods and close his shop daily at or before the time of closing of the market to allow of the market being thoroughly cleansed for use next day.
 9. Shop-keepers who intend to stop during the night occasionally will have to pay, in addition to the fees prescribed in the schedule a night fee of eight annas per stall for every night.
 10. No shop stall or sitting shall be sublet without the sanction of the Vice-President.
 11. Stalls and shops intended to be occupied permanently will not be let for less than one month and all rents therefor shall be paid in advance on or before the 10th of each month, to the market sergeant or any other person authorised by the Vice-President to collect such rents.
 12. Persons willing to occupy stalls permanently will first apply to the Vice-President for the same and when the applications are sanctioned and stalls allotted, the applicant will execute an agreement on a duly stamped paper in the form hereto appended.
- The stalls are liable to be resumed after one week's notice in writing to the occupant without any reasons being assigned and the Sanitary Board will not be liable to any damages on account of such resumption.
13. The monthly rents for the occupation of the beef and mutton stalls shall be paid in advance on or before the 10th of each month. Any stall holder failing to pay the rent in due time will be liable to have his stall taken away from him by the market sergeant.
 14. Lost articles found by any person within the limits of the market shall be handed over by the finder to the market sergeant, who shall hand them over to the police to be disposed of.
 15. No person shall create a disturbance in the market by singing or beating of tom toms or by other musical instruments or by quarrelling or by using abusive language. Any person contravening this condition is liable to be summarily ejected.

Proceedings of the Government of His Highness the Maharaja of Mysore,

16. The market sergeant and his subordinates may expel from the market premises any person who is found drunk or begging or loitering or misconducting himself or infringing any of the above conditions or who is a lunatic; and if such person is a tenant or his servant, they may (subject to the approval of the Vice-President) prevent him from further carrying on any trade or business in the market or occupying any shop or stall therein.

17. A vendor guilty of assault may be expelled from the market and prevented from further carrying on any trade or business or occupying any shop or stall in the market.

18. No person resorting to any market, or being in charge of any vehicle, cart or truck or any horse or any other beast of burden, shall cause or allow such vehicle or beast to stand within the precincts of the market for any longer time than shall be reasonably necessary for getting in or out of such vehicle or leading such waggon, cart, truck or beast of burden.

19. No auction sale will be allowed in the market except under the special order of the Vice-President of the Sanitary Board.

20. All vendors with their servants or agents shall obey all reasonable orders of the market sergeant, but shall have the right of appealing against such orders to the Vice-President.

21. In the case of any stall-holder contravening any of these conditions, the Medical Officer of Health shall have power according to the nature of the offence, to prohibit such stall-holder from occupying the stall for any period not exceeding two months, or with the written sanction of the Vice-President to cancel the agreement altogether.

AGREEMENT—(Condition 12.)

I, _____, merchant, residing in _____ do hereby agree to occupy Stall No. _____ in the row of the stalls intended for the sale of _____ in the Robertsonpet Market for _____ months from _____ and I bind myself to pay rent at Rs. _____ per stall per month in advance, on or before the 10th of each month, to the market sergeant or any other person authorised to collect it.

II. That I will abide by the conditions prescribed for regulating the lease of the Robertsonpet Market, copy of which has been furnished to me.

III. I agree to vacate the stall on receipt of one week's notice to do so from the Vice-President.

Letter No. 7622-545, dated the 3rd February 1910, from the Inspector-General of Education in Mysore, submitting proposals for filling up the appointment of Head Mistress of the Aryabalika Patasala, Bangalore, rendered vacant by the death of Lakshmidewamma, the late Head Mistress.

No. 10549-50—EDN. 247-09-4, DATED BANGALORE, 27TH MAY 1910.

ORDER THEREON.—At present the pay of the Head Mistress of the Aryabalika Patasala, Bangalore, is fixed at Rs. 150 and that of the Head Mistress of the Government Girls' School, Bangalore, at Rs. 75-5-100. The Inspector-General of Education in submitting proposals for filling up the place of the Head Mistress of the Aryabalika Patasala, states that the Government Girls' School, Bangalore, is the larger institution of the two and that the pay of the Head Mistresses of the two schools may therefore be interchanged. Government direct that the pay of the Head Mistress of the Government Girls' School, Bangalore, be fixed at Rs. 100- $\frac{1}{4}$ -150 and that of the Head Mistress of the Aryabalika Patasala, at Rs. 75- $\frac{1}{2}$ -100. Puttu Suobamma, the present Head Mistress of the former school, who is drawing a pay of Rs. 100, will, as recommended by the Inspector-General, be placed in the new grade 100- $\frac{1}{4}$ -150 on a starting pay of Rs. 110, and Vengadamma, Assistant Mistress of the Maharani's College, will be appointed Head Mistress of the Aryabalika Patasala on Rs. 75-5-100.

The Superintendent of the Government Press has brought to the notice of Government several instances in which there has been *very great delay* in the return of proofs to the Press by the various Departments. As a result, a considerable quantity of type is unnecessarily locked up and unavailable for use otherwise and much inconvenience and expense have been caused to the Press.

Heads of Departments are therefore requested to see that (1) proofs are not ordinarily called for more than twice, (2) the original copy is prepared with care so as to render it unnecessary to make considerable alterations in the proof, and (3) no avoidable and undue delay occurs in revising proofs and despatching the same to the Press.

By Order,

C. S. BALASUNDARAM IYER,

Letter dated 10th January 1910, from Mr. V. S. Sanjiva Rao, Representative of the *Hindu*, Bangalore, requesting permission to remove all waste papers that are now being destroyed in the various Departments of the State, at Rs. 5 per ton, and stating that they are required for a paper mill and that the Railway authorities have agreed to receive and book them to their destination.

2. Correspondence ending with letter No. 672, dated 7th February 1910, from the Superintendent, Government Press, stating that it has been the practice in the Press to burn what is technically known as waste paper (*i.e.*, cuttings, etc., from bindery and machine room) and to sell by auction superfluous Gazettes and other printed matter, and recommending that considering the rate offered is a fair one, the above may be sold and sent direct to the mills for being repulped.

3. Further correspondence on the subject ending with letter No. 836, dated 6th April 1910, from the same officer.

No. G. 6059-106—G. P. 18-09-5, DATED BANGALORE, 19TH MAY 1910.

ORDER THEREON.—Government are pleased to accord permission to Mr. V. S. Sanjiva Rao to remove waste paper belonging to the various Departments of the State, including the cuttings, etc., of the bindery and machine room in the Government Press and superfluous copies of the Gazette and other printed matter such as overshoots of Proceedings, unused papers returned from Departments, etc., referred to in the Superintendent's letter No. 836, dated 6th April 1910. Papers of the class described last will be torn up before delivery to the contractor, so that they may be sent direct to the mills to be repulped. The papers thus removed will be paid for at Rs. 5 a ton.

2. Mr. Sanjiva Rao will arrange for the supply of suitable bags for storing the paper and for their removal at frequent intervals at his own expense. Before removal the bags should be roughly weighed (or their railway weights accepted) and the weight intimated by the head of the office concerned to the Superintendent, Government Press, who will, at the end of each month, arrange for the cost of the papers removed during the month, being realised and credited into the State Huzur Treasury.

3. The above arrangement will be tried for a period of two years, at the expiration of which, the Superintendent, Government Press and Stationery, is requested to submit to Government a report as to its working.

4. The Superintendent is also requested to issue the needful instructions in the matter to heads of offices.

The following Proceedings of the Government of Madras, approving of the draft of the revised rules for the sale of quinine in the post offices and introducing the sale of ten-grain powders from 15th October 1910 :—

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following papers :—

I. G. O. No. 2694, Revenue, dated 1st October 1909.

ABSTRACT.—Passing orders on certain suggestions made by the Government of India on the subject of the price that should be charged for quinine supplied to Native States, Local Fund and Municipal hospitals, etc., and other Local Governments.

II. G. O. Mis. No. 500, Revenue, dated 15th February 1910.

ABSTRACT.—Passing orders on the suggestion of the Director, Government Cinchona Plantations, in regard to the revision of the rules for the sale of quinine in post offices.

III. Letter from H. V. Ryan, Esq., Acting Director, Government Cinchona Plantations, the Nilgiris, to the Secretary to Government, Revenue Department, dated Ootacamund, the 7th March 1910, No. 15 :—

“With reference to paragraph 2 of Government Order No. 2694, Revenue, dated the 1st October 1909, I have the honor to forward a revised set of rules for the sale of quinine at post offices, which have been sent to this office by the Postmaster-General, Madras.”

Order No. 1205, Revenue, dated 12th April 1910.

Miscellaneous.

The draft rules for the sale of quinine in post offices received with the Director's letter read above are approved.

2. The Government resolve to introduce the new system of selling quinine in ten-grain powders in this Presidency and at the Imperial post offices in Coorg and in the Native States of Mysore, Hyderabad, Travancore, Cochin, Sandur and Banganapalle on the 15th October 1910.

The notification and rules published on pages 1305-1306 of Part I of the *Fort St. George Gazette*, dated the 20th December 1904, will be cancelled and in their place the notification and rules appended to this order will be published in English and the chief vernacular languages in the *Fort St. George Gazette*, and in the village sheets of the District Gazettes.

3. The Director, Government Cinchona Plantations, will arrange, in communication with the Postmaster-General, to recover from all Postmasters on the abovementioned date the seven-grain powders remaining unsold with the balance in cash, if any, required to make up the amount of their permanent advance, and to supply them with the new permanent advance of ten-grain packets for sale from that date.

Similar arrangements will be made in consultation with the Collectors in those districts in which quinine powders are sold by the Revenue officials, and the Collectors concerned will be requested to publish the necessary notification of the impending change.

4. The Political Agents for Sandur and Banganapalle are requested to give due publication of the proposed change in those States.

5. The Residents at Hyderabad and in Mysore, Travancore and Cochin and the Chief Commissioner of Coorg will be addressed.

NOTIFICATION.

It is hereby notified, for general information, that the sale of seven-grain quinine powders by Revenue officials and Postmasters in this Presidency, and at the Imperial post offices in Coorg and in the Native States of Hyderabad, Mysore, Travancore, Cochin, Sandur and Banganapalle will be discontinued on the 15th October 1910 and in their place ten-grain powders will be issued for sale at the rate of 3 pies per powder from the same date. The following amended rules for the sale of quinine at post offices are published for general information in supersession of those published on pages 1305 and 1306 of Part 1 of the *Fort St. George Gazette*, dated the 20th December 1904:—

Rules for the sale of Government Quinine at post offices.

1. Government quinine manufactured at the Nediv. tam factory will be kept for sale at all post offices in the Madras Presidency (with the exception of those noted in the margin) and in Coorg and also at all the Imperial post offices in the Native States of Sandur, Banganapalle, Cochin, Hyderabad, Travancore and Mysore.

NOTE.—It must be understood that these rules do not apply to post offices in the Native State of Pudukottai.

2. The Director of the Government Cinchona Plantations, the Nilgiris will arrange for the supply of the quinine direct to each post office in small packets, each containing 100 ten-grain powders, to be sold at the rate of 3 pies per powder.

3. The amount to be accounted for by the post office on each packet will be Rs. 1-5-0, and the four annas in excess which will be realized by the sale of the 100 powders will be the vendor's commission on the sales effected by him.

4. Seven packets each containing 100 powders will be issued to each of the head and sub-offices in the circle and to each of the branch offices in the Shimoga Division and the value of those packets, viz., Rs. 9-3-0 at the rate of Rs. 1-5-0 per packet, is to be considered as a permanent advance for quinine in those offices. Three packets each containing 100 powders will be issued to each of the other branch offices in the circle and the value of those packets, viz., Rs. 3-15-0, at the rate of Rs. 1-5-0 per packet, is to be considered as a permanent advance for quinine in those offices.

5. All head and sub-postmasters in the circle and branch postmasters in the Shimoga Division must replenish their stock of quinine as soon as they have sold five packets by indenting on the Director of the Government Cinchona Plantations, Ootacamund, while other branch postmasters must replenish their stock in the same manner as soon as they have sold two packets. It will be the postmaster's duty to see that his stock is regularly replenished in time before the supply is exhausted.

6. Each indent for a fresh supply of quinine must be accompanied by a remittance made by money order for the value of the packets indented for, at the rate of Rs. 1-5-0 per packet, less the money order commission on the total value of the remittance.

7. Any quantity of quinine may be indented for at a time, provided that the indent is for not less than five packets of 100 powders each in the case of post offices whose permanent advance is Rs. 9-3-0, and not less than two packets of 100 powders each in the case of post offices whose permanent advance is Rs. 3-15-0, and that it does not include a fraction of a packet.

8. The indent for a fresh supply of quinine must always be written on the coupon of the money order, in the form given below:—

“Please send by return post, two, five or six packets (as the case may be) of quinine powders.”

Name.

Postmaster.

Date _____

--

Name stamp

General (Miscellaneous), dated 31st May 1910.

The amount remitted as well as the commission for the money order should be met by the postmaster from the sale proceeds of quinine held as a permanent advance. The money order should be made payable to the Director of the Government Cinchona Plantations, Ootacamund. The postmaster should clearly impress the name stamp of his office at the bottom of the coupon containing the indent in order that the name of the office to which the quinine is to be forwarded may be readily ascertained.

9. When the charge of an office is transferred, the full amount of the permanent advance of 700 powders of quinine in the case of head and sub-offices, and branch offices in the Shimoga Division, and of 300 powders of quinine in the case of the other branch offices, must be made over to the relieving official and it may be either in quinine or in cash or partly in quinine and partly in cash; but for every one anna and nine pies thus made over in cash, 4 pies may be deducted (being the commission on the sale of 7 powders) from the permanent advance. No commission is allowed on the sale of any number less than 7 powders. The transfer of the permanent advance in the manner described above on account of quinine must be entered at the foot of the charge report forwarded to the Superintendent.

10. Communications on the subject to the Director of the Government Cinchona Plantations, the Nilgiris, may be sent on postal service, but with this exception, everything relating to the transmission of quinine and the remittance of money to pay for it will be at the charge of the Government Cinchona Department.

11. The packets containing the powders of quinine must not be exposed to damp, as otherwise the quinine may deteriorate.

12. Superintendents and Inspectors when verifying the accounts of first class head offices and inspecting other post offices authorized to vend quinine should examine the permanent advance for quinine and see that it is correct. They should also make careful inquiries as to the manner in which the instructions conveyed in Rule 11 are carried out and make notes in their verification or inspection reports on the progress of the scheme and of any matters of interest or importance in connection therewith.

Srimukha Registered No. 4899, dated 26th April 1907, from the Swamigalu of Sri Vedavyasa Sampushta Narasimhaswami Matt at Subrahmanya in the Uppinangadi Taluk of the South Canara District, asking for the disbursement of the whole of the Tasdik allotment of Rs. 2,000 to him for conducting the Barahazar Santarpane in the Sri Subrahmanyaswami temple during the annual Champa Shashti festival and for feeding the Brahmins resorting to the Matt throughout the year.

2. Petition Registered No. 1873—M. F. 174-07, dated 2nd October 1908, from Baglodi Bhoja Rao, Manager of the temple, requesting that the quantity of provisions fixed in the Nirup for feeding 6,000 Brahmins during the whole Jatra be supplied to the temple and not merely the quantity necessary for feeding on the Champa Shashti day only.

3. Letter No. 266, dated 16th December 1907, from the Deputy Commissioner, Hassan District soliciting instructions in the matter of the delivery of the provisions to the Matt and temple authorities for the conduct of the Barahazar Santarpane during the annual Champa Shashti festival at Subrahmanya.

No. 2676-80—MUZ. 174-07, DATED BANGALORE, 6TH MAY 1910.

ORDER THEREON.—A sum of Rs. 2,000 is being annually provided for the conduct of the Barahazar Santarpane at Subrahmanya during the annual Champa Shashti festival and the amount is being included in the Muzrai Budget of every year.

2. In their Order No. 675, dated 28th November 1891, the Government directed that the supplies for feeding 6,000 Brahmins at the Sri Vedavyasa Sampushta Narasimhaswami Matt should be delivered to the Swami of the Matt, while the Mysore Government officer deputed for conducting the feeding should watch and see them utilised for the proper purpose and that the remaining half of the supplies should be used for feeding 6,000 Brahmins at the Sri Subrahmanya temple under the supervision of the officer with the help of the temple authorities. This arrangement continued till 1898 when, on account of the outbreak of plague, it was considered that Rs. 500 would be enough for feeding the small number of pilgrims that would attend the Jatra. In subsequent years also only such sums of money as were necessary to feed the pilgrims on the Champa Shashti day were expended. Both the temple Manager and the Swamigalu of the Matt complain of this and contend that the provisions originally supplied were intended for feeding during the entire period of the Jatra. The Matt further contends that the supply of provisions to the Matt was for feeding 6,000 Brahmins throughout the year. The Deputy Commissioner, in his letter read above, upholds the contention that the grant was for feeding during the twenty days of the Jatra from Kartika Babula Dwadasi to Margasira Suddha Pournavami, and adds that it would prejudice the conduct of current work in the taluk, if the Amildar or Sheristadar should be directed to halt at Subrahmanya during the entire period of the Jatra. He also proposes that as the carriage and supply of provisions every year to the institutions at Subrahmanya entail much expenditure and unnecessary labour the allotment provided for the feeding in the Matt and temple may be disbursed in cash.

3. The Government agree in the Deputy Commissioner's view that the grant was intended for feeding 12,000 pilgrims during the twenty days of the Jatra. They are pleased to direct that the Order of the 28th November 1891, referred to in the foregoing para, should be adhered to in so far as it directs the distribution of the provisions required for the Santarpane during the whole of the Jatra period between the temple and the Matt. The Matt enjoys the two inam villages of Halasur and Heggavi in the Manjarabad Taluk granted by the Mysore Government for its support. The contention of the Matt that the provisions supplied to it were intended for feeding in the Matt throughout the year cannot be admitted. Neither the Matt nor the temple authorities can claim any beneficiary interest in the provisions supplied for the Barahazar Santarpane.

They should each be given only the quantities actually required for feeding such persons as resort there during the period of the Jatra within the prescribed limits.

Muzrai, dated 6th May 1910.

4. Supplies for this Santarpane should, the Government direct, as heretofore be made in kind and not in cash as recommended by the Deputy Commissioner. The feeding in the Matt and the temple should be conducted under the supervision of the officer of the Manjarabad Taluk deputed for the purpose, who should, if necessary, remain at Subrahmanya all the twenty days of the Jatra. It would suffice if the Sheristadar stayed throughout the twenty days while the Amildar's presence may be required for three or four days when the crowd at the Jatra is the largest. The inconvenience caused to the taluk work by the deputation of the Taluk Amildar or the Shēristadar to Subrahmanya can be obviated by temporary arrangements the cost of which will be debitable to the Budget grant. Whether the officials would take the provisions to Subrahmanya with them from Manjarabad Taluk or buy them at Subrahmanya itself will be a matter for local arrangements by the Deputy Commissioner according to the circumstances of the time and the year.

5. A report should be submitted about the conduct of Santarpane at each Jatra.

Srimukha Registered No. 75—1267, dated 6th January 1910, from the Swamigalu of the Sri Vyasarayaswami Matt at Sosale, requesting that an imprest of Rs. 1,000 may be placed with him for the purchase of food grains required monthly for cash.

No. 2743-45—Muz. 398-09, DATED BANGALORE, 14THth MAY 1910.

ORDER THEREON.—The Swamigalu states that, as the monthly allowance is not remitted to him regularly, he may be given an imprest of Rs. 1,000 for meeting ordinary expenditure till the receipt of the monthly allowance. The Comptroller, who was consulted in the matter, is of opinion that no imprest is necessary and that to obviate the inconvenience referred to by the Swami it may be directed that the allowance should be drawn on bills every month at the Taluk Treasury and paid to the Swamigalu. Government are pleased to accept the Comptroller's recommendation and to direct that from 1st May next the allowances due to the Swamigalu for Nityakatl and Hecchukatl expenses in accordance with the orders specified in the margin be drawn every month by the Amildar of T.-Narsipur from the Taluk Treasury on bills and paid to the Swamigalu. Proceedings of the Government of His Highness the Maharaja of Mysore,

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE
MAHARAJA OF MYSORE.

APPEAL No. OF 19 .

Appellant
Satanur Rangiah

Vs.

Respondent
Achiah.

Subject.

Archakship of Sri Ranganathaswami and other temples at Hutri village in the Kunigal Taluk.

Facts of the case.

One Pujari Rangiah was the archak of Sri Ranganathaswami and other temples at Hutri village, Kunigal Taluk. After his death in the year Dhatu (1876-7) without issue, his widow Rangamma and the villagers entrusted, in the year 1895, one Achiah of Kunigal with the duties of archak, and this arrangement was tentatively sanctioned in August 1897 by the Assistant Commissioner in charge of the taluk. Achiah left the place for Kunigal in 1899, having asked Rangamma's sister's son Rangiah to perform worship during his absence. This Rangiah also went away and the villagers appointed one Satanur Rangiah as pujari and requested in 1902 that he should be confirmed. In the course of the enquiry, Achiah appeared and said that he went away in 1899, on account of his daughter's illness, asking Rangiah to do the duties for him, that when he came back after a short time the people said he should not enter the village as he came from a plague-infected place, that his subsequent requests to be restored were not complied with and that the villagers after driving away his nominee appointed appellant S. Rangiah to perform puje, and prayed that he might be restored. The villagers said that Achiah (respondent) before leaving in 1899 executed a karar relinquishing the office and that therefore he should not be restored. The Amildar after holding an exhaustive enquiry ordered in September 1904 the re-instatement of Achiah and the restoration of the temple lands to him. This order was confirmed in appeal by the Deputy Commissioner. Against the Deputy Commissioner's order, Rangiah has appealed to Government. The case was heard before Government on the 17th March 1910, the contending parties being present in person and represented by advocates also.

Order.

Neither the appellant nor the respondent has any hereditary right to the office. The respondent was duly appointed by the Assistant Commissioner and the widow of the previous pujari acquiesced in the appointment. He is alleged to have resigned the post by a Kattadaka executed in favor of the villagers on 26th April 1899. This document was not produced by the patel (who is opposed to the respondent) till 1902, when the respondent (Achiah) applied to get back the office. Its execution is not proved, and though the latter admits that he signed a paper under the patel's pressure, he does not admit the execution of this particular document.

The appellant was brought in by the patel and installed in the place; but the appointment was never sanctioned by the proper authority. As between the two, the respondent, who has been properly appointed by the Amildar and whose appointment has been sanctioned by the Deputy Commissioner, has the better right to retain the office. There is no reason why the appellant should be allowed to resist his restoration, or why he should be ordered to file a regular suit. In fact, where, as in this case, the respondent does not claim the office by any hereditary title, a regular suit would be out of place altogether.

This appeal is therefore dismissed. The order of the Deputy Commissioner may be enforced by ousting the appellant and placing the respondent in possession.

Muzrai, dated 17th May 1910.

There are certain petitions on the file which allege that the respondent was not doing the duties of the office properly. This order does not, of course, prevent the Deputy Commissioner from investigating such complaints, and passing such orders as may be called for, even to the extent of displacing the respondent if necessary and expedient.

Government Proceedings Nos. 3932, 3932 A, 3932 B, dated 15th March 1906, restoring the inam tenure of the lands endowed to the Sri Anjaneya, Panduranga and Someswara temples built by Venkat Doss at Ganjam in the Seringapatam Taluk, and directing that Nanje Devaru who was in possession of the lands should give such annual gutta as may be reasonably fixed by the Deputy Commissioner.

Petition No. 2212, dated 24th October 1906, from Nanje Devaru praying for a review of the said Government order.

NO. 2830-33—MUZ. 50-04, DATED BANGALORE, 27TH MAY 1910.

ORDER THEREON.—The grounds for review are chiefly two, *viz.*, (1) that Government have on the false and ex-parte representation of certain interested persons who were unsuccessful in their attempts to dispossess petitioner Nanje Devaru through the Civil Courts, directed the restoration of the inam tenure of the land which had been resumed at the inam enquiry and fully assessed in 1879, and that in consequence of that order, the right to the lands which he had acquired by long adverse possession and which had been upheld by judicial adjudication has been unjustly interfered with; and (2) that the temples for the benefit of which the inams have been restored are not in existence.

2. The Government observe that the Inam tenure having been cancelled at the Inam Settlement and the lands ordered to be registered in the name of the temples, on full assessment, the temples ceased to be Muzrai institutions. The successors in title to the original grantee, who were in possession formerly as mere trustees, became full proprietors as there were no temples and there were no *seras* (services) to be performed. If the temples or any one on behalf of the temples wished to recover possession, they could only file a suit in the Civil Court where the ordinary rule of 12 years' limitation would be applied. From the copies of the judgments now produced by the petitioner Government find that the question of proprietorship actually formed the subject of litigation, that the Chief Court (T. R. A. Thumboo Chetty and P. N. Krishna Moorthi, Judges) in November 1893, affirmed the full proprietary rights of the successors of the original grantee and that the District Judge of Mysore in A. S. No. 2 of 1894-1895 declared that the petitioner was not a tenant under them, but had acquired an independent proprietary right by adverse possession. In these circumstances, the summary order of the 15th March 1906 (sought to be reviewed) in the Muzrai Department ousting the person in actual possession is, in the opinion of Government, erroneous and passed without jurisdiction. The said order having also been based on the supposition that the temples and idols for which the inams were originally granted were actually in existence while subsequent investigation has shown that, as a matter of fact, they are not in existence, the Government are pleased to cancel the same and to direct that the original condition be restored. The lands will be reclassified as assessed and the full assessment recovered from petitioner Nanje Devaru from the date of the said order.

No. 2877-80—MUZ. 230-10, DATED BANGALORE, 31ST MAY 1910.

ORDER THEREON.—In para 4 of the Order read above, Government acceded to Mr. Thotadappa Setty's proposal to manage the charities himself during his life-time and wanted him to communicate with Government regarding the manner in which the charities should be managed after him.

2. By the deed of appointment read above, the late Rao Bahadur Dharmaprabavarta Gubbi Thotadappa Setty appointed a Committee for the management of the charities in accordance with the instructions contained therein. By the will, he has endowed the charities with a further sum of Rs. 29,900, and directed that it should be deposited with Government.

3. Government are pleased to accept the further deposit of Rs. 29,900, at the rate of interest sanctioned in Proceedings No. Fl. 437-503—G. F. 15-09-2, dated 15th July 1909. The rate of interest allowed for the present will be 4 per cent per annum. The money will, as it becomes available, be deposited in instalments of even thousands of rupees.

4. The Comptroller to Government is requested to issue needful instructions to the Deputy Commissioner, Bangalore District, to receive the deposit of Rs. 29,900, when tendered by the executors, and to get a document executed by them in the form prescribed in Government Notification No. Fl. 432-72—G. F. 15-09-1, dated 15th July 1909.

5. Government are further pleased to recognise the Committee consisting of the marginally noted gentlemen appointed by the late Mr. Thotadappa Setty for the management of the charities. The Committee should maintain regular accounts of the income and expenditure and keep them and the chattra open to inspection by Government officers and also submit to Government an annual report on the affairs of the institution with an abstract of accounts.
